

# **SCHOOL SAVINGS STAR PROGRAM**

***Be a School Savings Star with  
First Choice Financial Federal Credit Union!***

\*By participating in the school savings program your child will learn what a savings account is, begin to appreciate the advantages of saving, and will receive an account statement displaying their account activity.

\*Your child will be able to “save at school”. Time will be set aside at school every week for your child to make their deposit. In addition, deposits can be made by visiting any of the Credit Union’s convenient locations. Deposit slips and deposit bags will be provided weekly.

**Check your child’s school for program participation.**

\*To participate, your child will need a savings account, which you can open at the Credit Union’s Main office, Broadalbin office or Walmart office. You will need your child’s Social Security card for account opening. This savings account can be open with as little as \$5. **The Credit Union will make the first deposit of \$5 for all Student Star Savers.**

***The purpose of the program is to reinforce the habit of saving.***

***Saving pennies, nickels and dimes will add up to dollars in no time!***

**Check your child’s school for program participation.**
